All swim lesson classes **MUST** be pre-booked. If booking online please purchase a class package and then reserve a spot in the corresponding class. No walk-in's will be allowed. Class maximums will not be increased.

This schedule continues to be updated based on demand. *If the class you want is full, please ask to be added to the Waitlist*. We review Waitlists in order to determine what classes need to be added or expanded. Please be patient as we make these modifications.

\*Adapted swimming are classes designed for extraordinary individuals that require adapted instructions and modifications to our traditional swim curriculum. An eval with our Adapted Lead Swim Instructor is required prior to enrollment in this program.

\*\*Mighty Tykes is a session-based class and may not be available each week. Please inquire with our front desk for specific session dates. SideKicks during the week is only offered alongside Mighty Tykes.
